UBM acquires E Commerce Expo

Strong addition to UBM Live's Customer Management Portfolio

United Business Media Limited today announces that it has acquired E Commerce Expo Ltd (ECE) on behalf of its UBM Live division for an initial cash consideration of £0.6 million and a deferred amount dependent upon future financial performance.

ECE (www.ecommerceexpo.co.uk) is a two day exhibition with an associated conference and awards ceremony, dedicated to e-commerce and online retailing. The show covers all aspects of e-commerce, including acquisition, conversion, fulfillment and retention. It is the only dedicated event of its kind in the UK, and attracted over 4,000 attendees last year. This year's event will be held on 19-20 October 2010 at Olympia, London. The awards take place on the first night of the exhibition to recognise excellence in the field of e-commerce, hosting over 300 guests last year. The acquisition also includes E Commerce Expo North, an annual exhibition held in Manchester.

The acquisition advances UBM Live's presence in the e-commerce, internet retailing and digital marketing sectors, which it has identified as offering sustainable long-term growth potential.

In 2009 ECE generated revenue of £0.8 million. The acquisition is anticipated to exceed UBM's cost of capital criterion in its first full year of ownership.

Jane Risby Rose, Chief Executive Officer of UBM Live, said:

"The E Commerce Expo and awards are attractive events that have a natural fit with UBM's existing Customer Management Portfolio, specifically in the digital business sector. They provide excellent synergies with our Internet World and Technology For Marketing & Advertising shows, which will enable us to further leverage content and networking opportunities for our communities."
